Sounds good Eron, how about tomorrow at 11 am.

Thank you,
Madi

Subject: Arkema Project Area - Touch Base on Sediment Coring

Hi Madi,

Do you have time for a Teams meeting to touch base on the Arkema sediment coring? I think 30 minutes will be enough time for the meeting (please see the draft agenda below).

Mike and I are available tomorrow (Tuesday) from 8 to 9 AM and 10 AM to 3 PM. Please let us know if another day works better for you. Thanks!

Draft Agenda

- Schedule for coring (September 13th – October 20th)
- Oversight on the coring vessel
- Cooling the cores prior to processing
- Use of Lexan instead of aluminum core tubes
- Saltzman Creek station access (SC-88)

- PPE requirements
